An extraordinary offering in sought-after Wellington Village! Rich in character and generous in scale, this exceptional 1931 residence offers over 3,077 sq. ft. of above-grade living space plus a finished lower level - perfectly suited for multi-generational living or flexible family arrangements. Set on an impressive 100 x 50 ft lot, this stately red brick home is framed by mature hedging and features a rare double garage - a true luxury in this coveted neighbourhood. Outdoor spaces are equally inviting, with a private east-facing patio and a generous west-facing upper deck, creating multiple options for relaxing or hosting. Originally built in 1931 as an executive duplex and thoughtfully transformed into a spacious single-family home, the property retains its architectural integrity while embracing modern updates. Hardwood floors, original doors, and timeless detailing blend seamlessly with contemporary enhancements. The main level offers elegant principal rooms, including a sunlit living room anchored by a gas fireplace, formal dining room, sitting area, office nook, and a beautifully renovated kitchen with centre island and heated floors. A main-floor bedroom and full bath add flexibility for guests or multi-generational living. Upstairs, a bright family room with a second gas fireplace provides a sophisticated retreat or optional fourth bedroom. The primary retreat features a luxurious 5-piece ensuite, while two additional bedrooms and a full bath complete the second level. The finished lower level expands the living space with a large rec room, full bath, and two versatile flex rooms ideal for a home office or guest suite. Incredible location across from Fisher Park and just steps to Elmdale Public School, along with Wellington Village's trendy boutiques, cafes, and restaurants, this is a rare opportunity to own a distinctive and spacious home in one of Ottawa's most coveted neighbourhoods.
